## Call for Tutorial Proposals

We solicit proposals for tutorials for presentation at the TENCON 2019 conference. All topics relevant to the conference will be considered. Proposals must provide an in-depth survey of the chosen area with the option of describing some particular pieces of work in detail. A particular attention will be given to proposals that address a rising research area and dedicate a substantial part of the tutorial to open research questions.

### Tutorial Proposal Format

The proposal (maximum 6 pages) should concisely describe the content and objectives of the tutorial, and must include:

- Title of the tutorial;
- Abstract, objectives and motivation;
- Timeliness and intended audience;
- Name, affiliation, and a short biography of each tutorial speaker;
- A description of the technical issues that the tutorial will address, emphasizing its timeliness;
- An outline of the tutorial content, including its tentative schedule;
- A description of previous tutorial experience of the speaker(s), and past versions of the tutorial;
- State if a similar tutorial has been offered in recent TENCON (last two years) and how your tutorial differs.

### Tutorial Proposal Submission

A tutorial proposal should be submitted as a single PDF file via email to IEEE TENCON 2019 Tutorials Co-Chairs, [proposals@tencon2019.org](mailto:proposals@tencon2019.org).

### Tutorials Timeline

Proposal Submission Deadline: March 15, 2019  
Notification of Selection: March 30, 2019

Please address all questions to the IEEE TENCON 2019 Tutorials Chairs:
